Govt lists Delhi services ordinance for Parliament's monsoon session

PRESS TRUST OF INDIA New Delhi, July 13

THE GOVERNMENT ON Thursday listed bills on personal data protection, to amend forest conservation laws and on the contentious ordinance on Delhi services for the Monsoon Session of Parliament beginning next week.

A bulletin issued by the Lok Sabha Secretariat listed 21

news bills for the Monsoon Session, including a draft legislation to check film piracy, introduce age-based categories for censor certification and to set up the National Research Foundation.

Also listed for consideration and passage during the session were the Jan Vishwas (Amendment of Provisions) Bill and the Multi-State Cooperative Societies (Amendment) Bill, among others.

SEBI ISSUES CIRCULAR

Disclosure of material events to be stricter

PRESS TRUST OF INDIA New Delhi, July 13

SEBI ON WEDNESDAY came out with a "stricter timeline" for disclosure of material events or information by listed companies and introduced criteria for determining the materiality of events.

The new framework will become effective from July 15, Sebi said in a circular. Under the framework, the regulator asked listed companies to disclose family settlement agreements, which can impact the management and control of such firms, to the stock exchanges.

Further, for material events or information which emanate from the listed entity, including those related to acquisitions, scheme of arrangement, consolidation of shares, and buy-back of securities, the timeline for disclosure by the

entity has been reduced from 24 hours to 12 hours.

In case of information that emanates from a decision taken in a meeting of the board of directors, the disclosure needs to be made within 30 minutes from the closure of such meeting.

Besides, the timelines have been fixed 24 hours from the occurrence of the event in case the information is not emanating from within the listed entity. This included a revision in rating, fraud or defaults by a listed entity, its promoter, directors; restructuring in relation to loans from

banks, one-time settlement with a bank and winding-up petition filed by any party/creditors.

With regard to criteria for determining the materiality of events, Sebi said one of the criteria is the omission of an event, whose value or the expected impact in terms of value, exceeds the lower of 2% of turnover, or 2% of net worth as per the last audited consolidated financial statements or 5% of the average of absolute value of profit or loss after tax, according to the last three audited consolidated financial statements of the listed entity.

Nations need to join forces to tackle cyber terror threat: Shah

EXPRESS NEWS SERVICE New Delhi, July 13

ALERTING THE GLOBAL community about cyber-crime incidents ranging from ransomware attacks and online harassment to fake news and misinformation campaigns with 'toolkit', Union Home Minister Amit Shah on Thursday said such activities have a direct impact on national security and asked all G20 member-nations to act by rising above conventional geographic boundaries to stop such crimes and criminals.

Shah said some anti-social elements and global forces are using technology to cause economic and social harm to citizens and governments. Shah, who was speaking at the inaugural session of 'G20 Conference on Crime and Security in the Age of NFTs, AI and Metaverse', underlined a "growing tendency" to strategically target critical information and financial systems.

"Such activities are a matter of national concern, as their activities have a direct impact on national security, law and order, and the economy. If such crimes and criminals have to be stopped, then we have to think and act by rising above conventional geographic boundaries."

Coal allocation scam: Ex-MP Darda, six others convicted

EXPRESS NEWS SERVICE New Delhi, July 13

A DELHI COURT on Thursday convicted former Rajya Sabha MP Vijay Darda and former coal secretary H C Gupta, along with five other accused, in a CBI case related to irregularities in the allocation of a coal block in Chhattisgarh.

The court held the accused guilty of criminal conspiracy (punishable under Section 120-B of IPC) and cheating (punishable under section 420 of IPC) and under various provisions of the Prevention of Corruption Act.

Arguments on the quantum of punishment are scheduled for July 18.

The court stated that Darda, who is also the chairperson of the Lokmat Group, had "misrepresented" facts in letters written to the then PM Manmohan Singh, who also held the coal portfolio. It said Darda had done so to secure the Fatehpur (East) coal block in Chhattisgarh for JLD Yavatmal Energy Pvt Ltd.

The 35th Screening Committee allotted the coal block to JLD Yavatmal Energy.

Special Judge Sanjay Bansal also convicted the former MP's son Devender Darda, senior public servants KS Kropha and K C Samria, JLD Yavatmal Energy Pvt Ltd and its Director Manoj Kumar Jayaswal.

In its FIR, the CBI had

alleged that JLD Yavatmal Energy had wrongfully concealed the previous allocation of four coal blocks to its group companies in 1999-2005. But the probe agency later filed a closure report, saying that no undue benefit was extended to JLD Yavatmal Energy by the coal ministry in allocation of coal blocks.

The CBI had said that nothing substantial had emerged to establish cheating and criminal conspiracy among officials of the Coal Ministry and JLD Yavatmal Energy's directors.

Thursday's convictions are the 13th in the coal scam, which had rocked the Manmohan Singh-led UPA-II government. In 2012, the Comptroller and Auditor General had slammed the government for alleged inefficient allocation of 194 coal blocks to public sector enterprises and private companies between 2004 and 2009 in a non-transparent manner.

Countdown begins for Chandrayaan 3 launch

JOHNSON TA Bengaluru, July 13

THE INDIAN SPACE Research Organization will embark on its second attempt to carry out a soft touchdown of a robotic lander on the surface of the moon on Friday with the launch of the Chandrayaan 3 spacecraft on board the LVM3 rocket from Satish Dhawan Space Centre at Sriharikota.

If the soft-landing succeeds, India will become the fourth country in the world to have achieved this.

Ahead of the launch, scheduled for 14.35 pm Friday from the second launch pad at Sriharikota in Andhra Pradesh, the countdown for the launch began Thursday afternoon with the mission authorisation board clearing the launch.

Announcing this, ISRO said that the mission readiness review had been

Chandrayaan-3, a day before the launch at Sriharikota.

DALMIA BHARAT SUGAR AND INDUSTRIES LIMITED. (CIN: L15100TN1951PLC000640). Registered Office: Dalmiapuram, Dist. Tiruchirappalli TN 621651 In. Phone No.: 01123465100; Fax No.: 011 23313303. E-mail - sec.corp@dalmiasugar.com Website: www.dalmiasugar.com. Notice regarding 71st Annual General Meeting. Shareholders may please note that the 71st Annual General Meeting ("AGM") of the Company will be convened through Video Conferencing/other Audio Visual Means on Friday, August 11, 2023 at 11.00 AM IST as per the provisions of the Companies Act, 2013 and Rules framed thereunder ("the Act") read with General Circular Nos. 20/2020 and 10/2022 dated 5th May 2020 and 28th December 2022, respectively, and other relevant circulars issued by the Ministry of Corporate Affairs ("MCA Circulars"), without the physical presence of the members at a common venue.

completed and the "board has authorised the launch".

The first part of the Chandrayaan 3 mission, spread over nearly 40 days with a possible moon rendezvous scheduled for August 23, will, on Friday, involve the launching of ISRO's heavy lift LVM3 rocket into space with the Chandrayaan 3 spacecraft onboard to an altitude of 179.192 km in a flight spanning 969.42 second (over 16 minutes).

During this period, the LVM3 rocket will carry its 3895-kg payload using three different rocket power stages with a maximum thrust of 10.242 km/sec (over 36000 km/hr) being provided by the indigenous cryogenic C-25 engine fitted on the rocket in the final phase -- just ahead of the separation of the Chandrayaan 3 spacecraft from the rocket.

The rocket will be fired by a pair of solid fuel booster engines at the beginning for lift-off and for a duration of 108 seconds followed by a liquid fuel stage for around 90 seconds before the cryogenic stage kicks in after 307 seconds of flight and fires for over 10 minutes.

"If we have to land on the first (earth) day of sunshine on the moon (that is the first of the 15 earth days of sun on the moon) then we will have a life of at least 15 days for the mission. This is the date on which we are going to land and if everything goes well the date would be August 23 and it could be August 24 also. It cannot be August 25 or 26. Then what we will do is we will not land and we will wait for a month when there is going to be 15 days of sun again then the date could be September 20 or later," ISRO chairman Somanath said on July 7 at a press conference in Bengaluru.
